Solar Panel Reinstallation Project Details

Important: Does not include main equipment, solar panels, panel structure, monitoring and inverters or microinverters

1. Concrete bases with chemical anchoring to the slab, 3" x 1.5" PTR, galvanized steel, designed to withstand high winds

2. Cabling and Protection:

- Heavy-duty THHW solar cable (if other types of cabling or conduit are required, a quote will be required)

- Electrical protections

- ABB watertight boxes and load center with overlays

- MC4 connectors, black UV-resistant plastic straps

3. Services Included:

- Labor, equipment shipping, and engineering work

- Complete management of the CFE grid interconnection contract under the Net Energy Metering (Net Metering) scheme.

- One free preventive maintenance session.

4. Payment Method:

- 60% down payment.

- The remaining 40% upon completion and delivery on site.

- We accept credit card payments.

- A 5% discount on cash payments (cash or bank transfer).
